

**Needlepoint/Cross-Stitch** Needlepoint today includes hand painted canvases, and beautiful wool, cotton, silk, metallic and novelty threads. Cross-Stitch appeals to many for both its relaxing qualities and creativity. Done on a tight mesh fabric or linen, cross stitchers use a variety of colored threads, silks, metallics and flosses to give their designs a depth of texture and color

*intensity. Be sure to visit this group to appreciate the intricate designs our members*
